 - Developed corrective action plans and prevention strategies to improve product reliability.
 - Adhered to established policies and standards to complete projects safely.
-

Portfolio/Projects

My projects can be found at bukolaolapade.netlify.app.

Case Studies

- Martech.ng (UI/UX and Frontend Project)

Martech is an online shopping platform allowing users to quickly and comfortably purchase groceries and other necessities. I worked collaboratively on the UI/UX and single-handedly worked on the front end of the website. The UX documentation is hosted on oracle.hashnode.dev. The website is hosted on martech.ng.

- Booth (UX Case Study)

Booth is a gift-shopping website that helps people find the perfect gift for their friends and loved ones. I worked on the UX case study and design for this project. The case study is hosted on my hashnode (oracle.hashnode.dev).

Certificates

freeCodeCamp Responsive Web Design Certificate, Google UX Design Certificate

Languages

English, Yoruba
