EXPERIENCE

Product Designer | [Electpoll](#) (Founder) | Jan 2023 - Present

- *Led in-depth user research* that shaped the development of Electpoll's MVP, which has successfully conducted over 20 elections and earned multiple awards.
- *Designed and iterated on the MVP*, prioritising a user-centric approach to address key pain points in the electoral process.

Product Designer | [Richfill Multiservices Entreprises](#) | Apr 2022 - Sept 2024

- *Researched and designed* a variety of live projects, ensuring they met client needs and market demands.
- *Created compelling pitch decks* for tech startups and companies, effectively communicating complex ideas and securing stakeholder buy-in.
- *Implemented basic front-end elements* for some designs, bridging the gap between design and development to ensure seamless execution.

Community Lead | [Google Developer Student Club, UI](#) | Aug 2023 - July 2024

- *Organized and led 16+ events*, empowering over 1,000 students with technical skills and social knowledge, significantly enhancing their career prospects.
- *Spearheaded TechQuest*, the largest event in the club's history, attracting 250+ students to engage with 8 industry experts and deepen their problem-solving abilities.
- *Drove membership growth*, successfully onboarding over 300 new members and expanding the club's reach and influence on campus.

Product Design Lead | [Google Developer Student Club, UI](#) | Aug 2022 - July 2023

- *Led product design study jam sessions*, mentoring beginners over several weeks and equipping them with foundational design skills.
- *Organized speaker sessions* focused on the 'Design for All' principles, educating the community on how design integrates across various sectors and enhancing interdisciplinary understanding.

Web Designer | [DesignIT Africa](#) (Volunteer) | Nov 2018 - Aug 2022

- *Designed, developed, and managed the organization's website*, effectively conveying its values and mission to a broader audience.
